

# Carlos Iglesias, Open Data Consultant.

[contact@carlosiglesias.es](mailto:contact@carlosiglesias.es)

<http://es.linkedin.com/in/carlosiglesiasmor/en>

[@carlosiglesias](#)

mobile: +34 687 917 759

Open Web Standards enthusiast and Open Government advocate that had put together both passions to participate in the development of global pioneering Open Government Data methodologies and projects during the last five years.

Extensive hands-on experience acquired by the setup of more than thirty local, regional and national Open Data projects and initiatives all around the world in both, public and private areas. More than ten years of additional experience planning and developing research, consultancy, education and outreach projects devoted to make a better use of the Web on fields such as Open Government, Open Data, Web Accessibility, Mobile Web, Device Independence, W3C Standards and the Semantic Web.

Active participant of several global communities related to Open Government, Open Data and the Web, where he enjoys exploring new ways of using the Internet to improve our life and breaking new grounds that will contribute to make progress through an Open Web everywhere and for everyone. Some of these are: the [World Wide Web Consortium](#), the [Web Foundation](#), the [Open Knowledge Foundation](#), the [World Bank](#) community of expert consultants, the [OGP Open Data working group](#), the [ISA programme](#) for interoperability solutions at the European level, the [WESO research group](#) or the [Trueblo](#) entrepreneurship school.

## Work Experience

### Independent Open Data and Internet Consultant - Freelance

December 2012 – Present

Research, consultancy, education and outreach freelance services devoted to make a better use of the Web thanks to a throughout understanding of the related standards, technologies and social implications on fields such as Open Government, Open Data, Web Accessibility, Mobile Web, Device Independence, W3C Standards and the Semantic Web.

### Associated Consultant - [SBC4D](#)

January 2013 – Present

Helping governments and other organizations at low and middle income countries to engage in initiatives to release their data, covering all aspects from technologies, to organisational, legal and other aspects, focusing not only on data release but

also on creating ecosystems for the exploitation of the released data by other type of actors such as civil society, academia, organisations or media.

### Open Data and Web Standards senior Consultant - [CTIC Technology Centre](#)

February 2005 – December 2012

Research, consultancy, education and outreach in the fields of Open Government, Open Data, Web Accessibility, Web QA, W3C Standards and the Semantic Web, planning and developing pioneering projects at national and international level, including the development of an [Open Data readiness assessment methodology](#) for low and middle income countries, the strategic advisory and technical management of the [Open Data initiative in Spain](#), the complete redefinition of the [ePSIPlatform](#) action plan (the European One-Stop Shop on Public Sector Information re-use), full set up of the [Accessibility Reference Centre for the Spanish Public Administration](#) (selection and training of the team and development of methodologies and educational materials for auditing, consulting and observatories) or the design and implementation of regulations, procedures and technical guides for the accessibility certification based on the [UNE 139803:2004](#) in collaboration with AENOR (the statutory body responsible for the development and dissemination of technical standards in Spain).

### Technical manager - [W3C Spanish Office](#)

April 2004 – February 2005

Took part in the set-up of the W3C Spanish Office, contributing with his knowledge and usage of W3C technologies and participating in their development and evolution. Development of education and outreach actions and materials in order to promote the work of W3C, establish new contacts and encourage the use of W3C technologies.

## Open Data Project Experience

Project	Client / Funding body	Year
<b>Basque Country Open Data.</b> Strategic definition, identification of data sources and technical management of the Open Data project for the Basque Government. A pioneering and national reference model that is being studied and adopted internationally along Europe and Latin America. <a href="http://opendata.euskadi.net">http://opendata.euskadi.net</a>	Basque Country Government	2009
<b>Asturias Open Data Portal.</b> Definition of the prototype Open Data Portal for the Principality of Asturias (Spain) Government using Linked Open Data technologies and pioneering infrastructures. Civil servants training on the new platform. <a href="http://url.ctic.es/datosasturias">http://url.ctic.es/datosasturias</a>	Principality of Asturias Government	2009

Project	Client / Funding body	Year
<p><b>Saragossa Open Data.</b></p> <p>Development of the Open Data strategy, including the Data Catalogue for the Saragossa (Spain) City Council, using Linked Data technologies.  <a href="http://www.zaragoza.es/ciudad/risp/">http://www.zaragoza.es/ciudad/risp/</a></p>	Saragossa City Council	2009
<p><b>Gijón Open Data.</b></p> <p>Development of the Open Data strategy, including datasets identification and the Data Catalogue for the Gijón City Council with RDFa semantic content enrichment.  <a href="http://datos.gijon.es/">http://datos.gijon.es/</a></p>	Gijón City Council	2010
<p><b>Visualization of IT statistical data.</b></p> <p>Creation of an interactive dashboard to visualize statistical data, provided by the Spanish Statistical Institute. The data was transformed and adapted from the original sources and made available as open data in a wide range of formats (RDF, CSV, XML and JSON).  <a href="http://datos.fundacionctic.org/asturiastic/">http://datos.fundacionctic.org/asturiastic/</a></p>	Principality of Asturias Government	2010 - 2011
<p><b>Catalonia Open Data Initiative.</b></p> <p>Evangelism among public officials, strategic definition, technical management and support of the Open Data initiative developed by Catalanian Government (Spain).  <a href="http://dadesobertes.gencat.cat/es/index.html">http://dadesobertes.gencat.cat/es/index.html</a></p>	Catalonian Government	2010
<p><b>Navarra Open Data Initiative.</b></p> <p>Technical management and support of the Open Data initiative development at Government of Navarra (Spain), as well as evangelism and training of public officials and engagement actions designed for the civil society.  <a href="http://www.navarra.es/home_es/Open-Data/">http://www.navarra.es/home_es/Open-Data/</a></p>	Navarra Government	2010
<p><b>OGD Feasibility Reports in Chile and Ghana.</b></p> <p>Open Government Data feasibility studies in Chile and Ghana developed in partnership with the Web Foundation. The aim was to assess the maturity of these countries across several dimensions, and develop a strategy and an action plan for the implementation and sustainability of an OGD initiative based on the results. A pioneering methodology was developed that assess the degree of readiness for the various political, administrative, technological and social aspects required for a successful Open Data initiative. This methodology has been subsequently used as a reference for various Open Data studies and methodologies.  <a href="http://www.webfoundation.org/2011/02/ogd-feasibility-reports-in-ghana-and-chile-released-for-public-comments-2/">http://www.webfoundation.org/2011/02/ogd-feasibility-reports-in-ghana-and-chile-released-for-public-comments-2/</a></p>	Web Foundation, Omidyar Network and Open Society Institute	2010
<p><b>Developing and implementing an improvement plan for the Spanish National Public Sector Information Policy.</b></p> <p>Set up of the strategy for the Spanish National Open Data initiative based on the exhaustive analysis of the former Public Sector Information initiative (Aporta Project) and a detailed study of the global existing initiatives and best practices.  <a href="http://datos.gob.es/">http://datos.gob.es/</a></p>	Red.es (Spanish Government)	2010

Project	Client / Funding body	Year
<p><b>Tourism resources in open formats.</b></p> <p>Open format transformation and semantic enrichment of tourist resources of the Principality of Asturias, including content extraction, semantization and cataloguing.  <a href="http://risp.asturias.es/catalogo/cultura-turismo/turismo.html">http://risp.asturias.es/catalogo/cultura-turismo/turismo.html</a></p>	<p>Regional Tourism Service, Principality of Asturias Government</p>	<p>2010 - 2011</p>
<p><b>Castile and Leon Open Data Initiative.</b></p> <p>Strategic definition, technical management, evangelism and training for the Open Data initiative development at Government of Castile and Leon.  <a href="http://www.datosabiertos.jcyl.es/">http://www.datosabiertos.jcyl.es/</a></p>	<p>Castile and Leon Government</p>	<p>2011</p>
<p><b>Open Linked Data Services for the National legal database in Chile.</b></p> <p>Prototype implementation, including a methodology, a development method and an architecture that can be replicated in other similar areas.  <a href="http://datos.bcn.cl/">http://datos.bcn.cl/</a></p>	<p>Library of the National Congress of Chile</p>	<p>2011</p>
<p><b>Galicia Open Data Strategy.</b></p> <p>Definition of the Open Data initiative for the Government of Galicia, including strategic and technical support.  <a href="http://abertos.xunta.es/portada">http://abertos.xunta.es/portada</a></p>	<p>Galicia Government</p>	<p>2011</p>
<p><b>Semantic Consultancy for Barcelona Open Data.</b></p> <p>Technical consultancy on content semantization, semantic publishing tools, standard vocabularies and Linked Data schemas for the Open Data project of the Barcelona City Council.  <a href="http://w20.bcn.cat/opendata/">http://w20.bcn.cat/opendata/</a></p>	<p>Barcelona City Council</p>	<p>2011</p>
<p><b>Open Data for Public Policy in Latin America and the Caribbean.</b></p> <p>Assistance in the development of the methodology and indicators to measure the maturity of the Open Data for Latin America and the Caribbean.  <a href="http://odmm.inf.santiago.usm.cl/">http://odmm.inf.santiago.usm.cl/</a>  <a href="http://odmm.inf.santiago.usm.cl/uploads/ArticuloTecnicoCompleto.pdf">http://odmm.inf.santiago.usm.cl/uploads/ArticuloTecnicoCompleto.pdf</a></p>	<p>IDRC (International Development Research Centre)</p>	<p>2011</p>
<p><b>Andalusia Open Data.</b></p> <p>Definition and development of the overall strategic plan, technical requirements, semantic web assistance and project management for the open data project and platform in the region of Andalusia. Dissemination, evangelization and encouragement of the regional infomediaries community.  <a href="http://www.juntadeandalucia.es/datosabiertos/portal.html">http://www.juntadeandalucia.es/datosabiertos/portal.html</a></p>	<p>Andalusia Government &amp; Telefónica</p>	<p>2011 - 2012</p>
<p><b>Requirements for the development and evolution of Open Data initiative Portal at Government of Spain.</b></p> <p>Requirements definition and technical management for the development of the National Data Catalogue, winner of the LAPSI award to the most friendly PSI portal in the European Union and the European prize for innovation in public administration.  <a href="http://datos.gob.es">http://datos.gob.es</a>  <a href="http://datos.gob.es/datos/?q=acerca-de#doc_portal_opendata">http://datos.gob.es/datos/?q=acerca-de#doc_portal_opendata</a></p>	<p>Red.es (Spanish Government)</p>	<p>2011 - 2012</p>

Project	Client / Funding body	Year
<p><b>Semantic definition of the Spanish National Open Data portal.</b></p> <p>Application of Semantic Technologies for the enrichment of the Open Data Catalogue.  <a href="http://datos.gob.es">http://datos.gob.es</a></p>	Red.es (Spanish Government)	2011 - 2012
<p><b>Regulations for the application of the Royal Decree on Reuse of Public Sector Information.</b></p> <p>Development of practical guides and technical regulations (URI schema, metadata, taxonomies, vocabularies and formats) to help the public administration bodies fulfil the Open Data and reuse requirements established by the Royal Decree.  <a href="http://datos.gob.es">http://datos.gob.es</a>  <a href="http://datos.gob.es/datos/sites/default/files/PLANCISP-GRD-07.3.4.doc">http://datos.gob.es/datos/sites/default/files/PLANCISP-GRD-07.3.4.doc</a>  <a href="http://www.boe.es/diario_boe/txt.php?id=BOE-A-2013-2380">http://www.boe.es/diario_boe/txt.php?id=BOE-A-2013-2380</a>  <a href="http://www.boe.es/diario_boe/txt.php?id=BOE-A-2011-17560">http://www.boe.es/diario_boe/txt.php?id=BOE-A-2011-17560</a></p>	Red.es (Spanish Government)	2011 - 2012
<p><b>Catalonia Open Data Initiative.</b></p> <p>Strategic definition, technical management, support and training for the Open Data Portal at Catalanian Government.  <a href="http://goo.gl/BHTEg">http://goo.gl/BHTEg</a></p>	Catalonian Government	2011 - 2012
<p><b>datos.fundacionctic.org</b></p> <p>This dissemination initiative was created to help governments and public agencies to publish their information, so as to fulfil its public service role conform to current regulations and maximize the potential for reuse by third parties and the technology sector.  <a href="http://datos.fundacionctic.org">http://datos.fundacionctic.org</a></p>	CTIC	2009 - 2012
<p><b>DataCatalogs.org</b></p> <p>Aims to be the most comprehensive list of open data catalogues in the world. It is curated by a group of leading open data experts from around the world - including representatives from local, regional and national governments, international organisations such as the World Bank, and numerous NGOs.  <a href="http://datacatalogs.org/">http://datacatalogs.org/</a>  <a href="http://datacatalogs.org/about">http://datacatalogs.org/about</a></p>	CTIC, OKF, RPI and others.	2009- 2012
<p><b>ePSIPlatform</b></p> <p>Follow up, improvement and complete strategic redesign of the of the ePSIPlatform action plan, the European One-Stop Shop on Public Sector Information re-use.  <a href="http://epsiplatform.eu/">http://epsiplatform.eu/</a></p>	European Commission	2012
<p><b>Open Data Lab</b></p> <p>Initiative developed to Foster social and economic development based on local Open Data publishing through the improvement of data publication, dissemination and engagement initiatives aimed to citizens and an Open Data business incubator.  <a href="http://www.fundacionctic.org/odlabgijon/">http://www.fundacionctic.org/odlabgijon/</a></p>	Gijón City Council	2012

Project	Client / Funding body	Year
<p><b>The Web Index Platform</b></p> <p>Linked Open Data platform to support the Web Index raw data publication and automatization of graphs and statistics generation.  <a href="http://thewebindex.org/visualisations/">http://thewebindex.org/visualisations/</a>  <a href="http://data.webfoundation.org/">http://data.webfoundation.org/</a></p>	<p>Web Foundation and Google</p>	<p>2012 - 2013</p>
<p><b>Open Data Directory</b></p> <p>Functional definition and architectural requirements for the Open Data Directory platform (ODD), a global directory of Open Data references and related information resources, that can range from scientific papers and studies to blog posts and to applications developed on top of Open Data.  <a href="http://www.webfoundation.org/2013/04/uses-cases-and-requirements-for-the-open-data-directory-odd-draft/">http://www.webfoundation.org/2013/04/uses-cases-and-requirements-for-the-open-data-directory-odd-draft/</a></p>	<p>Web Foundation and Ford Foundation</p>	<p>2013</p>
<p><b>DCAT Application Profile</b></p> <p>Participation in the experts working group for the definition of the DCAT application profile for data portals in Europe (DCAT-AP), a specification based on the Data Catalogues Vocabulary (DCAT) and whose objective is the description of public datasets in Europe to allow better interoperability between catalogues.  <a href="https://joinup.ec.europa.eu/asset/dcat_application_profile/description">https://joinup.ec.europa.eu/asset/dcat_application_profile/description</a></p>	<p>European Commission ISA JoinUp programme</p>	<p>2013</p>
<p><b>Open Data Barometer</b></p> <p>The Open Data Barometer is a companion study to the Web Index covering 81 countries. The Open Data Barometer focuses on the context, availability and emerging impacts of Open Government Data. The Barometer will be constructed by combining secondary data from reputable international organizations with original survey data generated by expert researchers and reviewers.  <a href="http://www.opendataresearch.org/project/2013/odb">http://www.opendataresearch.org/project/2013/odb</a></p>	<p>Web Foundation, IDRC and The Open Data Institute</p>	<p>2013</p>
<p><b>Open Data in Indonesia</b></p> <p>The study explores Indonesia's OGD readiness, based on independent research supplemented by a field visit to identify and interact with groups of actors and local champions who might be involved in an OGD initiative locally, and to identify potential threats and opportunities not identified during the initial research. It also includes a pilot experience with the Government of Jakarta.  <a href="http://www.webfoundation.org/2012/08/announcing-ford-foundation-ogd-grant/">http://www.webfoundation.org/2012/08/announcing-ford-foundation-ogd-grant/</a></p>	<p>Web Foundation and Ford Foundation</p>	<p>ongoing</p>
<p><b>Aragón Open Data</b></p> <p>Evolution of the current Open Data platform towards a more complete solution that supports the current requirements promoted by the Spanish legislation and other best practices recommended by the European Commission, as well as additional improvements on data and community management or semantic web capabilities.  <a href="http://opendata.aragon.es/">http://opendata.aragon.es/</a></p>	<p>Government of Aragón</p>	<p>ongoing</p>

Project	Client / Funding body	Year
<p><b>The Land Portal</b></p> <p>Rebuild of the Land Portal - an easy access, easy-to-use platform to share land related information, to monitor trends, and identify information gaps to promote effective and sustainable land governance – to transform it into the Land reference Data Hub based on an Open Data, Linked Data and collaborative approach.  <a href="http://landportal.info/">http://landportal.info/</a></p>	<p>IFAD / United Nations</p>	<p>ongoing</p>
